

Renault CAPTUR

India's most stylish SUV

RENAULT
Passion for life

Capture your senses

After its success in Russia, Argentina, Brazil and beyond, the Renault CAPTUR is now turning heads on the streets of India. Bearing the signature expressive design that is a hallmark of its rich lineage, the Renault CAPTUR clearly establishes itself as India's most stylish SUV.

With best-in-class ground clearance of 210 mm, the CAPTUR is both imposing and distinctive. The dual tone[^] sculpted roof, chrome-studded front grille and Innovative

Lighting System enhance its visual appeal, and are a nod to Renault's commitment to detail. On the inside, it's just as captivating. Plush ErgoDesign Leatherette seats^{^^} complement state-of-the-art technology features like the Intelligent 17.64 cm Touchscreen MediaNav Evolution to create an experience that truly captures your senses.

[^]In selected colours. ^{^^}Leatherette seats present in PLATINE variant only.

Designed to inspire awe

The Renault CAPTUR blends a bold, assertive presence with expressive styling. Distinctive design details like the R17 Crystal Cut alloys and chrome-studded front grille accentuate the car's dynamic lines. Furthermore, the chrome jewel body side cladding and chrome accents on exhaust add a touch of flair. This is further enhanced by the Innovative Lighting System (ILS) that features segment-first Sparkle Full LED headlamps, iconic C-shaped Sapphire LED DRLs, unique Floating Indicators and LED ambient lighting on the inside.

Captivating inside out

The Renault CAPTUR's expressive design is carried forward on the inside. The Global First CAPTUR PLATINE features ultra-premium interiors with Black Leatherette seats. The intricately engineered ErgoDesign seats are 6-way adjustable and come with ample legroom in both the front and back rows. Together with a high driving position that offers wraparound panoramic visibility, the CAPTUR delivers unmatched comfort. This is further complemented by thoughtful and convenient storage spaces, and a 0.392 m³ (392 litre) boot that's expandable up to 1.353 m³ (1352 litre).

Intelligence meets intuition

The Renault CAPTUR brings to life the OneIntegration concept that seamlessly connects car and driver. A unique Smart Access Card helps you ease into a world that's connected and convenient. OneIntegration further extends to the advanced Infinity Instrument Cluster and the Intelligent 17.64 cm Touchscreen MediaNav Evolution with rear parking camera. The infotainment system now also features Apple CarPlay, Android Auto™, EcoGuide - a system that monitors driving patterns and provides guidelines to improve efficiency.

Power meets safety

The Renault CAPTUR comes in two engine options - the legendary K9K 1.5L diesel engine (110 PS power, 240 Nm torque) and the responsive H4K 1.5L petrol engine (106 PS power, 142 Nm torque). Perfectly blending power with efficiency, the CAPTUR delivers a dynamic drive experience. Complementing this, is a host of advanced safety features. State-of-the-art technologies like Cruise Control, Speed Limiter and rear parking sensors are accompanied by advanced features like auto headlamps and rain sensing wipers to keep you prepared for all conditions. Further supported by front and side airbags, ABS + EBD + Brake Assist and a reinforced body shell for increased torsional rigidity, the CAPTUR ensures you're always safe.
